About Me

I am a Technical Support Engineer with more than one year of hands-on experience in designing, implementing, administering, and securing enterprise network infrastructure. I have strong expertise in managing LAN/WAN environments, handling networking devices and internet services, and maintaining network hardware and software. I am skilled in monitoring, troubleshooting network performance, and ensuring reliable and secure network operations.

Experience: 1+ Year

Technical Support Engineer

Raygain Technologies Pvt. Ltd (Deployed at ICMR–NIIRNCD, Jodhpur) **03-10-2024 – Present**

- Managing and maintaining enterprise LAN and WAN infrastructure to ensure network stability and availability.
- Designing, implementing, and supporting network architecture, including routing, switching, and network security.
- Monitoring and troubleshooting network performance; performing upgrades as per security and compliance norms.
- Handling network devices, hardware, software, and services across Windows environment.
- Implementing system and security upgrades, managing user access, and permissions.
- Creating and maintaining technical documentation for network systems and support activities.
